All HVAC ductwork is within the confines of the conditioned building envelope to provide maximum energy conservation

Eco-friendly permeable driveway

This extensive renovation/ restoration of a classic Washingtonian four square provides approximately 5000 SF of luxury living. This 7 bedroom, 6 bath room home of distinction is located in one of DC's finest family oriented neighborhoods, the Palisades. This complete restoration to the existing home included substantial additions and structural enhancements as well as total replacement / upgrade of all mechanical systems. This American classic retains the character the past yet features the state of the art amenities of today. The home has many design and decor surprises as can be expected with all Chryssa Wolfe projects. This home features all the bells and whistles found in our custom homes from designer kitchen & baths, fine cabinetry and built-ins, intricate architectural detail and much more! Outside living is a central motif with multiple porches and balconies, a built-in exterior grill, a large gas fire pit and oversized stone patio. The rear yard includes a large garden shed, custom Brattle works fencing and a professionally landscaped yard that provides the ultimate outdoor living environment in this quaint and desirable D.C. neighborhood.
